Profile

I am a multifaceted professional with a passion for software engineering, data collection, research, and debate. I bring a unique blend of technical expertise, analytical thinking, and a sense of fun to every job I tackle. Whether crafting innovative software solutions or engaging in thoughtful discussions, I thrive on the challenge and enjoy the journey. I am a fun and outgoing person who enjoys working with others. I am also a hard worker and am always willing to put in the extra effort to get the job done. I am confident that I would be a valuable addition to your team.

Education

Bachelor Of Information Technology 09/2019 - Present
Major In Software Engineering

Advantist University Of Central Africa, Kigali

A Bachelor of Information Technology majoring in Software Engineering provides a strong foundation in computer science and programming, preparing graduates to design, develop, and maintain software systems. This program equips students with the knowledge and skills to create innovative software solutions for various industries, making them valuable assets in the technology sector.

Employment

Debate Coach 10/2019 - Present
AGAHOZO SHALOM YOUTH VILLAGE, KIGALI

As a Debate Coach at Agahozo Shalom Youth Village, I mentored and guided fellow students in persuasive communication and critical thinking. My responsibilities included leading practice sessions, teaching debate techniques, and preparing students for competitions. I fostered a collaborative and competitive spirit among team members, helping them build confidence and practical argumentation skills. This experience honed my leadership, public speaking, and organizational abilities, contributing to my personal growth and the debate team's success.

DATA COLLECTION / DATA ENTRY / DATA ANALYTICS 08/2020 - 10/2020

PROMUNDO INTERNATIONAL, KIGALI, RUTSIRO

I held the responsibility of data collection and subsequent data entry for a research project titled "Adolescent Relationships in Rwanda: Dating, Couple Conflicts, and Sexuality." The primary objective of this endeavor was to gain comprehensive insights into the dynamics of adolescent relationships within the context of Rwanda.

DATA COLLECTION / DATA ENTRY / DATA ANALYTICS

05/2021 - 09/2021

HEALTH DEVELOPMENT INITIATIVE, KIGALI

The research we conducted in five districts of Rwanda bore the title "Exploring the Everyday Lives of the LGBTQ Community." The primary objective was to gain insights into their lived experiences, and how they are treated by society, and to understand the quality of their lives within the Rwandan context.

DATA COLLECTION / DATA ENTRY / DATA ANALYTICS

03/2022 - 06/2022

World Bank and Swiss Tropical and Public Health Institute, KIGALI

The project we conducted in three districts in Rwanda was titled "Assessment of the Effectiveness of Stunting Prevention and Reduction Initiatives." Its primary objective was to gather data and determine whether the financial support provided by the World Bank to Rwanda for stunting prevention was achieving its intended goals.

DATA COLLECTION / DATA ENTRY / DATA ANALYTICS

05/2023 - 07/2023

BRAC RWANDA MICROFINANCE COMPANY PLC, KIGALI

This study was conducted across three distinct districts in Rwanda, encompassing various BRAC microfinance branches. Its primary objective was to assess the demand for technology products such as online banking and online loan requests among their clientele, while also identifying any additional challenges they encounter that may warrant our support.

Internship

SOFTWARE DEVELOPER

05/2023 - Present

Comprehensive Staffing Resources Ltd, KIGALI

During my internship, I actively contributed to software development projects, working closely with a skilled team. I gained hands-on experience in coding, testing, and debugging software, while also supporting the development team in ensuring high-quality, timely deliverables. This experience honed my technical skills and provided insights into industry best practices, preparing me for a future career in software development.

Volunteering

DEBATE COACH , DEBATE JUDGE AND SYSTEM RUNNER

08/2019 - Present

I DEBATE RWANDA, KIGALI

As a volunteer with I Debate Rwanda, my role primarily involves assisting during debate tournaments. This includes serving as a judge for debates, aiding in the input of students' scores into ranking systems, and compiling lists of students advancing to the quarter-final round. Additionally, I provide coaching support to various schools participating in the competition, ensuring a smooth and successful event.

DEBATE COACH IN I DEBATE RWANDA

08/2019 - Present

I DEBATE RWANDA, KIGALI

In the capacity of directing and supervising the coaching activities, I am responsible for mentoring and preparing school debate teams for their active participation in tournaments hosted by the Kigali Debate League.

DEBATE JUDGE IN I DEBATE RWANDA

08/2019 – Present

I DEBATE RWANDA, KIGALI

As a Debate Judge for high school students, my role is to foster critical thinking, communication skills, and intellectual growth among young debaters. Serving as an objective and impartial evaluator during competitive debates while ensuring fairness, adherence to rules, and providing constructive feedback

DATA MANAGEMENT AND RESULT GENERATION IN I DEBATE RWANDA

08/2019 – Present

I DEBATE RWANDA, KIGALI

Responsible for Data Management and Result Generation on Tournament Day, my role encompasses the pivotal task of meticulously inputting and processing the scores obtained by students following their debate rounds. My responsibilities extend to the precise entry of these marks into the system, ensuring data accuracy and reliability. Additionally, I undertake the crucial responsibility of compiling and generating comprehensive results, which include the list of students who have advanced to the quarter-finals, as well as the ranking of the top 20 best speakers in the tournament.

DREAMERS ACADEMY DEBATE CAMP

08/2023 – 08/2023

Volunteering as a debate coach and debate Judge for two week, KIGALI

During my involvement in Dreamers Academy 2023, a two-week residential camp, I had the privilege of serving as both an educator and a debate judge for a group of talented and aspiring young students. Over the course of this immersive program, I took on the role of teaching these enthusiastic students the art of debate. I covered various topics, including but not limited to persuasion and argumentation, equipping them with the essential skills and knowledge to excel in this intellectual pursuit. In addition to being an instructor, I had the honor of evaluating and judging the students during the debate tournaments held within the camp. This multifaceted experience allowed me to witness their growth and development as they put their newly acquired skills into practice. The residential nature of the camp provided a unique environment for intensive learning and personal growth. Throughout the two weeks, I was not only an educator but also a mentor, guiding these students on their journey to becoming confident and articulate debaters, reinforcing my dedication to nurturing the potential of the next generation, instilling in them the values of intellectual exploration, excellence, and integrity.
